

Worksheet 4: Be a Poet!

An acrostic poem is created when you choose one topic word and then use each of the letters in the word to start a new word or line about the topic. Here's an example using the word "Kansas":

Kids in our state
Are valued citizens.
Now you have the
Skills to understand government
And be involved in
Some exciting ways!

Now it's time to get your creativity flowing! Write an acrostic poem about government using the words "state" and "local." Have fun!
