A Coin for Kansas!

Worksheet 1: The 2005 Quarters

The Kansas quarter is the fourth in a series of five new quarters to be issued in 2005. Take a look at these five quarters. We've removed the name of each state. Can you match the quarter with the correct state? Do their designs give you any clues?

Visit the U.S. Mint's website at www.usmint.gov to learn more about the different state quarters.
