Worksheet 1: Connecting to the World

How to Make Your School International

For Teachers:

1. When deciding topics, keep cultural background and restraints on both sides in mind
2. This program provides a great opportunity to include State Standards such as Science, Social Studies, Technology, etc.
3. Review student emails before they are sent. Language arts curriculum skills and assess can be taught on the letters.
4. By the way: it's even more fun if you correspond with their teacher!
