### Packet 13: Songs, Dances and Lullabies

<b>Teacher</b>	<b>Sequence</b>
1. As stated earlier, music for the dances is on the cassette tape. You might want to talk to the P.E. teacher to see if he/she would like to work on these dances with the children. However they are quite simple and can easily be done in the classroom. Similarly, songs could be done in music class or during regular class time.
