Dear Friends:

Fiscal year 2021 was an historic year in more ways than the pandemic! We brought in a record number of donations, more than $1,670,000. Over $1.3 million of those raised funds are for the Kansas Museum of History New Exhibits! We have contracted with Dimensional Innovations to begin the creative process. The New Exhibits are coming. It is only with your help and support that we have accomplished this milestone! Thank you very much for supporting Kansas history!

It was a great year for Capital Campaign pledges as well.
- BNSF Railway Foundation pledged $250,000
- Mary and Marty Vanier pledged $250,000
- Carl and Mary Ice pledged $150,000 to support the Cowboy section
- The Willard and Mary Breidenthal Foundation pledged $150,000
- Security Benefit Life Charitable Trust pledged $100,000

Of course, with COVID-19 taking its toll worldwide, our retail sales and membership revenues are down. The Museum Store was closed most of the fiscal year. It did not reopen until June 2021. We missed seeing visitors this year; we are cautiously optimistic about fiscal year 2022!

Large pledges are wonderful, however, what pulled us through this process were the numerous smaller donations. Every gift makes a difference! Without your support this project would not have been completed. The New Exhibits at the Kansas Museum of History will be a gift to Kansas children, families, and visitors! Thank you for supporting Kansas history for all generations!

Sunderland Foundation Supports Capital Improvements

When COVID-19 reduced the state budget, the Sunderland Foundation provided $450,000 to make improvements to the plaza, sidewalk, and lobby. Maybe it was the concrete work that appealed to them. The Sunderland family’s roots extend far into Kansas history. Lester T. Sunderland joined Ash Grove White Lime Association in 1909 shortly after the company completed construction of its first cement plant in Chanute, Kansas. The Ash Grove Cement Company materials were used to construct highways, bridges, commercial and industrial complexes, and single- and multi-family homes. Through four generations of the Sunderland family, between 1909 and 2018, the company grew to become the fifth largest manufacturer of Portland cement in the United States, the sixth largest in North America. Lester Sunderland created the family foundation, based in Overland Park, in 1945. We are truly grateful for their continued support!
Mission: to provide private funds to the Kansas Historical Society, so that it can be a better society than the state alone can provide.

Providing Funds for the Kansas Historical Society to Reach More People

Brittney Wilson worked for the Kansas Historical Society’s education division and archives division as a John Ripley intern. This program is funded through an endowment honoring the Topeka historian. Wilson worked on programs for K-12 and coordinated digitizing of collections.

“...a really great time getting to know and working with the staff. I especially enjoyed becoming acquainted with the inner workings of the Kansas Historical Society, and I consider the experience to be an ideal introduction to careers in history.”
- Brittney Wilson

Extending the Learning Experience Through Our Retail Stores.

We invited artists with working knowledge of copper to help us expand our scope of historic copper wares. One such artist is Kathy Pflaum, a mixed media artist who is extremely active in the community. She practices a variety of fabric/fiber dying and printing techniques along with metal work to create her art pieces.

Connecting People More Closely with the Kansas Historical Society’s Programs

Though our museum doors remained closed for 14 months we continued to produce and distribute more than 1,600 copies of the quarterly publication: Kansas History, A Journal of the Central Plains for members during the COVID-19 pandemic. The academic journal contains peer-reviewed new research on Kansas history.
Through the Pandemic of COVID-19 We Continued Connecting with Kansans

Education Fund designated as Museum After Hours provided funds to pay monthly lecturers for the Museum After Hours program, hosted by the education division. Due to COVID-19 the program transitioned to a virtual format through Zoom and YouTube for convenient viewing. Museum After Hours welcomed its first international speaker, Dr. Martin Nekola from Prague. Dr. Nekola spoke on the “History of the Czechs in Kansas and Elsewhere in the Midwest.” Hand-painted Czech eggs by late artist, Kepka Belton of Ellsworth, were available for purchase online and were featured during the program.

The Dane G. Hansen Grant provided funds for school-aged students with accompanying adults to visit the Pawnee Indian Museum and Fort Hays state historic sites. The program sponsored 195 students and 19 adults to visit the Pawnee Indian Museum and 97 students and 13 adults to visit Fort Hays. Pictured is Republic County USD 109 while visiting the Pawnee Indian Museum.

Celebrating Lives of Leadership

“You have got to have something in which to believe. You have got to have leaders, organization, friendships, and contacts that help you to believe that, and help you to put out your best.” ~ Dwight D. Eisenhower
