

## Red Rocks State Historic Site

---

### Youth Volunteer Program

The Kansas Historical Society's youth volunteer program includes opportunities to work at Red Rocks State Historic Site. These volunteer opportunities are a great way to fill graduation and honor society requirements, complete scout badges, or learn more about local history and area philanthropic organizations.

Activities may include assistance with:

- Large general tours of the site, as needed based on schedule
- Cleaning and upkeep of site and buildings (overseen by site administrator)
- Facility rental events or board/site sponsored events (carnival, White Christmas)
- Occasional large site mailings
- Children's group meetings (Mary White/William Lindsay White Young Historians) run by site administrator

For more information contact Red Rocks State Historic Site,
