Abstract

Harry Walter Colmery: lawyer, insurance agent, politician, legionnaire; of Topeka, Kan., Washington, D.C.

Legal case files of Harry Colmery from more than five decades of practicing law, includes legal documents and correspondence with clients; insurance materials from Pioneer National Life Insurance Company of Topeka, insurance books and journals, and other material regarding Colmery's work on the boards of insurance companies; political material from Colmery's Senatorial run in 1950, work with the Republican Party, and work on campaigns for other Republican candidates, including John Hamilton, Wendell Willkie, and Barry Goldwater; materials concerning Colmery's civic involvement in organizations like the Kiwanis Club, Topeka Chamber of Commerce, YMCA, YWCA, and Boy Scouts of America; material from Colmery's service as Civilian Aide to the Secretary of the War for Kansas; material from Colmery's involvement with Colonel Andres Soriano of the Philippines, including legal material, information on Soriano's businesses, and other material regarding the Philippines; personal information relating to Colmery, including correspondence, scrapbooks, newspaper clippings, autobiographical sketches, and yearbooks; financial information, both personal and business, including records, receipts, bookkeeping, etc.; materials from Colmery's involvement with the American Legion, including his service as National Commander, information on the Servicemen's Readjustment Act of 1944 (the G.I. Bill of Rights), and work with the Kansas Department of the American Legion and Capitol Post No. 1 in Topeka, Kan.

Biography

Harry W. Colmery is remembered today as the author of the Servicemen's Readjustment Act of 1944, which is more commonly known as the G. I. Bill of Rights. In 1943 and 1944 he served on a committee created by the American Legion that worked tirelessly to put a bill before Congress. When enacted, this legislation would offer the most wide-ranging program of benefits to veterans ever seen in the United States. Although Colmery is most well known for this service to veterans, he was also an esteemed lawyer, businessman, politician, and civic leader, both nationally and in his home community of Topeka, Kansas.

Harry Walter Colmery was born December 11, 1890 in Braddock, Pennsylvania. He was one of four children, three brothers and one sister, born to Walter and Flora Colmery. His father owned a local grocery store, where Harry worked in his youth. He was an industrious young man, holding down more than a few jobs. In addition to his work at the grocery store, he also had a newspaper route and worked in several capacities for the Union Railroad Company.

After graduating high school, Harry attended Oberlin College for four years, beginning in 1909. He graduated in 1913 with a Bachelor of Arts degree, and began law school at the University of Pittsburgh, earning his law degree in 1916. While attending law school, he also taught English composition and algebra at the Carnegie Institute of Technology. Harry was admitted to the Pennsylvania bar in 1916, but he would not remain in his home state for long. Shortly after graduation, and at the urging of a college friend, Laird Dean, Harry moved to Utah, where he was admitted to the bar in 1917.

His law career was interrupted by America's entry into World War I in April 1917. Harry attempted to enlist at Camp Funston in Kansas, but he was unsuccessful since he was not a resident of the region. In August, he did enter the service when he was accepted at Officers Training Camp, Eighth Infantry, at Presidio, California. During the war, Harry was stationed at Kelly Field, Texas and Carruthers Field, Fort Worth, Texas, with the Army Air Service, serving as an instructor and pursuit pilot. He was honorably discharged in April 1919.

Harry made several life-changing decisions after the war. He chose to move to Topeka, Kansas, to practice law with John S. Dean, father of his friend Laird Dean. He would remain a resident of Topeka for the rest of his life. He also married his college sweetheart Minerva Hisertodt on December 20, 1919. He and Minerva would have three children, Sarah, Harry, Jr., and Mary.

During the 1920s, much of Harry's time was consumed by his law practice. Harry was a partner in the law firm Colmery and Dean. The law firm dissolved in 1926,

and two years later, Harry added his name to a new firm becoming a partner in the law practice of Doran, Kline, Colmery, and Cosgrove. For the most part, Harry focused on civil cases, which, in his own words, involved “matters of contracts, insurance, surety, Casualty Corporation, business law; bond, finance and investment; receiverships...” He also worked as a legislative counsel. He would remain with the firm Doran, Kline, Colmery, and Cosgrove until 1937, when work with the American Legion allowed little time for the practice of law. For more than a decade after that, Harry practiced law on his own, taking several years off during World War II to serve his country through his work on the G. I. Bill and his position with the Smaller War Plants Corporation in Washington, D. C. In 1945, he took on the role of special assistant to the U.S. high commissioner to the Philippines. This position gave him the opportunity of working on the Philippines-U.S. Trade Act and the Philippines Rehabilitation Act. After the war, Harry resumed the practice of law, not only in Topeka, but also in Washington, D. C., keeping a suite at the historic Mayflower Hotel.

In 1943, Harry was introduced to Colonel Andres Soriano through a mutual friend. Soriano was the president of many corporations in the Philippines including Philippine Air Lines, Inc., San Miguel Brewery, Inc., and A. Soriano Y Cia. During World War II, Soriano had served with U.S. forces in the Far East and later as a colonel on General MacArthur’s staff in the Southwest Pacific Theater. Harry became friends with Soriano and was soon working as one of his legal representatives. He also served on the boards of several Soriano companies.

In 1950, Harry Colmery and James Smith formed the practice Colmery and Smith, based in Topeka, Kansas. One of his notable cases during this period involved his representation of Robert Stroud, the “Bird Man of Alcatraz.” Harry was appointed by a 10th circuit judge to represent Stroud in 1959. In the 1960s, Harry would become a part of several more firms as partners moved on and others took their place. These firms included Colmery, Smith, and Russell (1961-1962); Colmery and Russell (1962-1968); Colmery, Davis, Bennett, Leonard, and McClure; Colmery, McClure, Funk, Letourneau, and Entz; and Colmery, McClure, Funk, and Hannah. Throughout his law career, Harry was involved with many legal organizations including the American Bar Association and the Kansas Bar Association. He would continue to practice law up until his death in 1979.

In addition to his law career, which spanned more than 50 years, Harry found time to serve his community in many capacities. He was on the Board of Directors of the Topeka Chamber of Commerce, becoming President of the organization from 1926 to 1927. He was involved with the Topeka Kiwanis Club, serving as President from 1923 to 1924 and District Trustee from 1924 to 1925. He also worked on committees or held positions on the boards of the following organizations: Girl Scouts, Young Men’s Christian Association, Young Women’s Christian Association, Salvation Army, Red Cross, and the Topeka Planning Commission. In addition, Harry served as the civilian aide to the Secretary of the Army for Kansas from 1955 – 1957. In the mid-1930s, Harry wrote a chronology of his life and mentioned that he had “served on directorates and important committees of philanthropic and charitable institutions too numerous to mention.” His claim was certainly not an exaggeration.

Equaling or perhaps exceeding his civic involvement was his interest and participation in local, state, and national politics. Harry Colmery was a Republican from

the beginning, becoming affiliated with the party before his move to Kansas in 1919. He worked on the unsuccessful Kansas gubernatorial campaign of John Hamilton in 1928 and was a delegate to the Republican National Convention that nominated Kansan Alf Landon to be President in 1936. He also worked on several notable Presidential campaigns, including the failed campaigns of Wendell Willkie in 1940 and Barry Goldwater in 1964. During the 1940 campaign, Harry was the National Chairman of the Willkie War Veterans National Committee, and in 1964 he chaired the Veterans Task Force for Goldwater-Miller. Harry also combined his love of politics with his participation in veteran's issues when he served as Chairman of the National Republican Veteran's League from 1940 to 1948 and Chairman of the War Veterans Division of Republican National Campaigns in 1940, 1948, 1952, and 1956.

According to his daughter Mary, he did not have political aspirations of his own, but was willing to run in the 1950 campaign for the United States Senate when asked by some members of the state party who were opposed to candidacy of Governor Frank Carlson. Harry canvassed the state in 1950, taking time out from his law practice and other responsibilities, but ultimately, his senatorial bid failed. Frank Carlson won both the primary and general elections to become Senator Carlson in November 1950. Harry would stay very active in politics after his defeat but would not run for public office again.

As if the law and politics were not enough, Harry also became involved in the insurance industry. In 1938, he became President, general counsel, and majority stockholder of the Pioneer National Life Insurance Company of Topeka. He would hold these positions until his death. He served on the boards of several insurance companies including Occidental Life, Transamerica Insurance, and the First Kansas Life Insurance Association. Harry also worked for the Kansas Domestic Insurance Companies as special counsel for legislation and as general counsel for the Legislative Committee for the Kansas Life Insurance Executives Association.

Of course, it is evident from his years of service that one of Harry Colmery's true passions was the American Legion. Devotion and tireless work on behalf of the American Legion would come to characterize Harry's life. His history with the Legion can be traced back to the beginning of the organization. In March 1919, the American Legion was founded in Paris. Shortly thereafter, Harry was busy organizing American Legion posts in Utah and serving on the first Utah Department Executive Committee of the American Legion.

After moving to Topeka, Harry quickly became involved with the local Legion post, Capitol Post Number One, joining in 1920. He was commander of the post from 1928 to 1929. He also served at the state and national levels, becoming judge advocate for the Kansas Department of the American Legion from 1925 to 1929 and Department Commander of Kansas from 1929 to 1930. At the national level, Harry served on several committees, including the National Legislative Committee, the National Convention Legislative Committee, the American Legion Endowment Fund Corporation, and the National Defense Committee, just to name a few. He was also the chairman of the American Legion Junior Baseball Western Sectional Tournament Committee from 1933 to 1934.

Undoubtedly, the culmination of all his service up to this point was his election as National Commander of the American Legion in 1936. During his one-year term, Harry

was privileged to travel to Europe and take part in ceremonies commemorating World War I and its veterans. As part of this overseas tour, he delivered speeches at Flanders Fields and other battle monuments. When his term as National Commander ended, Harry did not disappear into the background. He continued to serve on many legion committees and attended local and national Legion conventions as a delegate. Harry also chaired a committee responsible for bringing a Veterans Administration hospital to Topeka in 1958. Today the hospital is known as the Colmery-O'Neil VA Hospital.

In 1943-1944, at the request of National Commander Warren Atherton, Harry made his greatest contribution yet to the Legion by aiding veterans that would be returning from World War II and generations to follow. He served on a committee charged with the passage of legislation to assist returning veterans through education, job-training, and other programs. After what he had witnessed of the hardships of returning veterans of World War I, Harry was very passionate about correcting the mistakes of the past and paying respect to the men and women that had given up much in the service of their country.

In December 1943, Harry drafted the G. I. Bill of Rights in a room at the Mayflower Hotel. However, his work did not end there. He took part in the fight to push the legislation through Congress, testifying before Congressional committee(s). His efforts and those of fellow Legionnaires and others were rewarded when the Servicemen's Readjustment Act of 1944 was signed into law by President Roosevelt on June 22, 1944.

In 1955, Harry Colmery was honored at an American Legion Convention, which passed a resolution, offering Harry the "recognition and thanks of grateful Americans for the greatest accomplishment of all time in veterans' affairs." Twenty years later, the American Legion awarded him their Distinguished Service Award. On August 23, 1979, Harry Colmery passed away in Houston, Texas, doing what he loved most - attending a national convention of the American Legion.

Scope and Contents of the Papers

This collection contains the personal and professional papers of Harry W. Colmery. The collection is organized into the following eight series: legal, insurance, political, civic involvement, Philippines, personal, financial, and American Legion.

Series 1 Legal

The legal series is the largest series in the collection. It consists of legal documents and other materials from Harry W. Colmery's law practices, including transcripts, briefs, memoranda, depositions, affidavits, professional correspondence, personnel files, and telephone logs. The legal papers date as early as the mid-1920s up through the early 1970s. Harry and his law partners, associates, or secretaries created the materials.

The original organization of most of the legal papers, by individual case file, has been preserved as much as possible. Each numbered case file has been entered as a record into a database called the Colmery Collection – Legal Case Files. Each record contains the following information: client name, case title, court, court case number, office case number, beginning and ending dates, law office, and the location of the case file.

Some records do not contain all the information detailed above if inapplicable. For instance, some legal cases were never heard in court, and therefore no court will be entered in the record. Beginning and ending dates usually correspond to the earliest and latest work evidenced by Colmery or his firm, either through legal correspondence or dated legal documents. Dates that precede or follow Harry or his firm's work with the case are not entered in the database.

The court entered in each record corresponds to the court that was listed on the outside of the original folder that held the documents. Usually this will be the first court that heard the case, but not always. Many of the legal cases were heard in lower courts and proceeded to higher courts. The court case number is synonymous with the docket number. The case title is usually the title given by the court but sometimes it is simply a description of the legal work that was done. The law office entered in the record is the first office to have worked with the case. Since Colmery was a partner in several different firms, cases were sometimes handled by more than one firm.

Harry practiced law more than five decades, and was a partner in many different law firms in addition to practicing on his own. A basic timeline of most of his partnerships and practices is provided below.

Dean & Colmery (ca. 1919-1926)

Colmery (1926 – 1928?)

Associates were C. B. Randall, Howard H. Becker, and Nellie Ruth Crotts

Doran, Kline, Colmery & Cosgrove (1927/1928 – 1937)

Colmery (1937-1950)

Colmery & Smith (1950 – 1961)

Associates were Floyd F. Shields, Howard H. Becker, & Clyde Christey;
William H. Cross headed up the office in Washington, D. C.

Colmery, Smith & Russell (1961 – 1962)

Associates were O.R. Stites, Jr., Lawrence D. Munns, Howard H. Becker,
Floyd F. Shields, & Martin F. Trued

Colmery & Russell (1962 – 1968)

Associates were Lawrence D. Munns, Howard H. Becker, Floyd F.
Shields, Martin F. Trued, & Frank C. Sabatini

Colmery, Davis, Bennett, Leonard & McClure (1968 - ?)

Colmery, McClure, Funk, Letourneau, & Entz (?)

Colmery, McClure, Funk & Hannah (?)

The majority of Harry's legal career was devoted to civil matters and corporate law. He was responsible for representing many business interests, including insurance and surety companies. However, Harry also represented individuals in matters involving family law, estate planning, and other personal suits. He was also employed as a legislative counsel, giving him the chance to work, in a legal capacity, in the arena of politics. Harry practiced not only before many district courts in the state of Kansas, but before the Kansas Supreme Court and the United States Supreme Court.

Case files and other materials in this series come from Harry's law offices in Topeka and the law office that he opened in Washington, D. C. in the 1940s. Many of Harry's case files were organized numerically. The majority of these case files have been

processed and arranged. Some files from Harry's office in Washington D. C. have also been processed and arranged. These files were organized alphabetically and were not office numbers. Most of them did not concern specific cases and some did not contain information on the law practice but on politics, insurance, the Philippines, and other matters. In order to preserve the original organization, these files were not separated from the legal files. For this reason, almost all the alphabetical files from the Washington D. C. office were not entered into the Legal Database, unless they clearly focused on a specific legal case.

Original order has been preserved, based on Harry's filing system. Folders seem to have been filed based on a client's last name or organization name, which are the subject or recipient of correspondence, etc. Many of these folders concerning the American Bar Association contain programs and brochures from conventions throughout the year. The decision was made to keep some original folders, either due to items being directly attached to folder or because of information on folder itself.

From the mid-1940s to 1960s, Harry represented an influential businessman from the Philippines, Andres Soriano. Harry's work involving the Philippines generated so much material that a separate series, the Philippines Series, was created. Many of the case files involving Andres Soriano and Philippine business interests remain in the Philippines Series, although some have also been entered into the Legal Database.

Access to some documents less than seventy years old is restricted, including correspondence with clients and Colmery's notes. Court documents, such as briefs and affidavits, are open records.

Series 2 Insurance

The Insurance Series contains material from Harry's work in the insurance industry. Harry was president, general counsel, and majority stockholder of the Pioneer National Life Insurance Company of Topeka from 1938 to 1979. Material from Pioneer National Life includes legal cases, agent files, correspondence, individual client files, and other assorted files. The series also contains materials from his involvement with several insurance companies including Occidental Life and Transamerica Insurance. Harry served on the boards of both these companies. Harry served as a member on the Board of Directors for Ranger National Life Insurance Company, as well as many others. Some information relates to his work with the Kansas Life Insurance Executive Association. Additional materials in the series include insurance books, pamphlets, and journals. This series has not been described to the extent of the others.

Series 3 Political

Harry Colmery held a life-long interest in politics and was actively involved in the Republican Party for over five decades. The Political Series contains material from local, state, and national campaigns, political correspondence, newspaper clippings,

Republican Party literature and material, political books and publications, and political scrapbooks.

The Political Series consists of ten subseries, organized according to subject matter. The first four subseries deal with political campaigns, all of them unsuccessful. John Hamilton's run for Governor of Kansas in 1928 is the first. This subseries contains correspondence, campaign receipts, and other materials. The second, and much larger subseries is the 1940 Willkie Presidential Campaign. Harry was the National Chairman of the Willkie War Veterans National Committee. Judging by the amount of material in this subseries, Harry was especially invested in this campaign. Materials include correspondence, newspaper clippings, political pamphlets, telegrams, Republican National Committee publicity releases, anti-Willkie sentiment, unpaid bills, and a radio address in support of Willkie delivered by Harry several days before the election. When Election Day arrived, Willkie was soundly defeated by Franklin D. Roosevelt.

The third subseries is the 1950 Colmery Senatorial Campaign. Harry Colmery was convinced by friends to run against Governor Frank Carlson in the Republican primaries for the United States Senate. Ultimately, his bid was unsuccessful, and Governor Carlson went on to win both the primary and the general election. The campaign material in this subseries includes correspondence between Harry and Republicans in over fifty Kansas cities or counties, newspaper clippings, articles, speeches, potential voter lists, press releases, and other campaign materials. The correspondence with residents of Kansas counties appears to be incomplete. All the counties are alphabetized from those beginning with the letter M to the letter W. Counties that begin with letters from A to L are missing.

The fourth subseries concerns yet another national campaign, the Presidential bid of Barry Goldwater in 1964. In the run-up to the election, Harry served as the chairman of the Veterans Task Force for Goldwater-Miller. This subseries contains folders on the candidates, including Goldwater and Johnson, information from the Citizens for Goldwater Committee and the Veterans for Goldwater Committee, correspondence, and materials from the 1964 Republican National Convention in San Francisco, California.

The six remaining subseries do not center upon specific campaigns, but are more general. The fifth subseries contains material on Political Matters, 1935 – 1936. This subseries may be particularly helpful to researchers interested in Kansas politics and Alf Landon's Presidential nomination. In fact, it does contain some correspondence between Alf Landon and Harry Colmery. Material in this subseries does include a file titled Alf F. Landon for President – Abeyance. In addition, other files include the following: correspondence, political clippings, requests for political positions, the Relief News Bulletin of Shawnee County, and speaking engagements.

The sixth subseries is devoted to the Republican Party. The majority of the materials are from the 1940s and shed light on Harry's commitment and work for committees like the Veterans Advisory Committee of the Republican National Committee and organizations such as the Republican War Veterans, Willkie War Veterans, and the Republican Service Men's League. Several folders contain information on the 1940, 1944, and 1946 elections. Others include material from the Eisenhower era, including patronage from the Republican administration and other political information.

The seventh subseries contains uncategorized materials, including political paraphernalia, correspondence with legislators, editorials by Dwight Payton from *the*

Overbrook Citizen and another political publication called the *Dan Smoot Report*. In addition, there is one folder concerning the gubernatorial candidacy of Edward Arn.

The eighth subseries consists of political books and publications that Harry collected. Included are many issues of *The Department of State Bulletin*, *the Official Weekly Record of United States Foreign Policy* from 1951, 1952, and 1956 – 1958.

The final two subseries are Newspaper Clippings and Scrapbooks. Over the years Harry collected an enormous number of newspaper and magazine articles. In the Political Series, there are two boxes of clippings that have not been arranged or copied. Harry did arrange many of these clippings himself in scrapbooks. There are 24 scrapbooks in the Political Series covering everything from national and state politics to Harry's senatorial campaign and work on other campaigns, like those of Wendell Willkie and John Hamilton.

Overall, the Political Series should prove both informative and interesting for researchers wanting information on Kansas politics from the 1920s to the 1960s, national politics of the 1940s to 1960s, veterans organizations of the Republican party, and Harry Colmery's political beliefs and ideals.

Series 4 Civic Involvement

Harry's interest in his community led to his involvement with many community organizations over the years including local chapters of the Kiwanis Club, the YMCA, YWCA, and the Boy Scouts of America, just to name a few. He was president of the Topeka Chamber of Commerce in 1927 and was involved with that business organization for many years. Harry also served in the post of civilian aide to the Secretary of the Army for Kansas from 1955 – 1957. Material in this series includes correspondence, newsletters, and other information from his work with these organizations. This series has not been described to the extent of the others.

Series 5 Philippines

During World War II, Harry became acquainted with Colonel Andres Soriano through a mutual friend. Soriano was a very influential businessman in the Philippines. During the war, he served with the U. S. Armed Forces in the Philippines and later on the staff of General MacArthur in Australia. He was also the Secretary of Finance of the Philippine government in exile for a short time. Harry and Colonel Soriano became friends and Harry was soon enlisted to work as a lawyer for Soriano. He and his firms would represent Soriano's interests and those of his companies up into the 1960s. However, Harry's interest in the Philippines went beyond what was needed to serve as Soriano's lawyer. He was also very interested in Filipino economic and political conditions. During the mid-1940s, Harry was special assistant to the U.S. High Commissioner to the Philippines, and worked on the Philippines-U.S. Trade Act and Philippines Rehabilitation Act.

Most of the materials in this series do relate to Harry's work for Soriano or his service on the boards of Soriano's companies. The legal materials were not removed to the Legal Series because they were more closely related to the Philippine Series. When files appeared to contain information on specific court cases, the information was left in the Philippine Series but was also entered into the Legal Database.

This series contains eight subseries, arranged, for the most part, by subject matter. The first subseries contains 1,060 folders of the total 1,078 in the series. It is simply called Numbered Files because of the numerical system Harry employed to organize the material. In general, each number indicates a Soriano company. For instance, files numbered 454 contain information on Philippine Air Lines, Inc. Soriano began serving as President of this airline after World War II. Files numbered 458 contain materials relating to El Soriano Y Cia (Soriano & Company). The number system begins at 448 and ends with 475. Materials found in these files include correspondence, clippings, notes, memoranda, and legal information. Typically Harry and his firm would assist Soriano with legal advice, contracts, the immigration and naturalization needs of his personnel, and legal filings or briefs. In most cases, Soriano's companies were based out of the Philippines, with offices in the United States.

The second subseries concerns the U.S. – Philippines Air Transport Agreement. Harry was very interested, if not involved, with the development and negotiations of the agreement because of Soriano's company Philippine Air Lines, Inc. This sub series includes correspondence between Harry and Soriano, work exhibits, handwritten notes, and a very detailed chronology of the events and meetings that shaped the agreement.

The next subseries is Philippine War Damage. This small subseries contains an album of photos showing the destruction in Manila from World War II and information on a 1961 congressional bill related to war damage compensation.

The fourth subseries contains correspondence, mainly between Harry and Soriano from 1945 and 1957 to 1958.

The fifth subseries is titled Corporate Records. Materials in this subseries include handwritten notes, and copies of the corporate records of two Soriano businesses – Anzor Corporation and the International Brewing Corporation.

Miscellaneous information regarding Congressional Bills on immigration and naturalization makes up the sixth subseries.

The final two subseries are Books and Publications and Scrapbooks. The literature in the Books and Publications subseries offers facts and industrial information about the Philippines. The only scrapbook in the Scrapbook subseries contains issues of the *Philippine Newsletter*, from January 3, 1957 to February 14, 1958.

Series 6 Personal

The Personal Series contains autobiographical sketches, scrapbooks, newspaper clippings, and yearbooks from Oberlin College, which Harry attended from 1909 to 1913. Additional materials in this series are personal correspondence, including Harry's letters to and from family members, and Christmas cards. The Personal Series offers researchers a look at Harry's personal life that cannot be found in the other series. This

series also includes Harry's personal subject files, on matters of personal interest to him. This series has not been described to the extent of the others.

Series 7 Financial

The Financial Series consists of financial records, including receipts, deposit slips, check stubs, bookkeeping, canceled checks, expense reports, billing, accounting books, and services rendered reports. This financial material relates to most of the series in this collection and is both personal and business-related in nature. This series has not been described to the extent of the others.

Series 8 American Legion

One of the larger series in this collection is the American Legion Series. Harry Colmery became a member of the American Legion in 1919, the year the organization was founded, and was still an active member when he passed away in 1979. This series contains material from sixty years of involvement with the American Legion, including speeches, correspondence, Harry's service as National Commander, information on other national commanders, books and publications, scrapbooks, and information from several different state and local departments of the American Legion.

Because the series is so large it has been organized into 14 subseries based upon the subject matter. The original organization has been preserved as much as possible. The first subseries is Speeches. This subseries consists of Harry's speeches, original manuscripts, handwritten notes, and miscellaneous speech material. For the most part, speeches in this subseries were written or delivered between 1936 and the late 1950s. Most of the speeches were numbered, and many were delivered while Harry was National Commander, from 1936 – 1937. Although many speeches were written for Legion audiences, some were given to political or civic groups and other organizations. These were not removed to other series in order to maintain the original organization.

The second, third, and fourth subseries concern different posts or departments of the American Legion, namely the Kansas Department of the American Legion, Capitol Post No. 1 in Topeka, Kansas, and the New Mexico Department of the American Legion. Harry was a member of the Kansas Department and Capitol Post No. 1. Most of the material from the Kansas Department is organized according to date from 1927 to 1935. The material consists of printed matter and publications like the *American Legion Bulletin*, correspondence, convention materials, various committee information, lists of officers and members, and speaking engagements. Harry was Commander of the Kansas Department of the American Legion from 1929 to 1930. Other materials in the Kansas Department subseries are arranged by subject because that is how they were organized originally. It is not absolutely clear why these folders were not incorporated into the others divided by date. Many contain materials from Harry's service as Department Commander.

A year before he became Commander of the Kansas Department, Harry was Commander of the local Capitol Post No. 1 (1928-1929). Materials from his service as commander as well as other information pertaining to the post is found in the Capitol Post No. 1 subseries. Again, material is arranged by year and subject. Most information is from the late 1920s to mid-1930s. In 1933 and 1934, Harry was in charge of the American League Junior Baseball Western Sectional Tournaments. Correspondence, clippings, reports, ticket information, and other materials from the tournaments can be found in this subseries.

The fourth subseries is the New Mexico Department of the American Legion. Harry was not a member of this department but became involved with it for another reason. He was asked to investigate possible misconduct involving department officers and elected officials. The case dates to the early mid-1930s. Materials include evidence charts, legal documents, newspaper clippings, minutes of New Mexico Department conventions, correspondence, evidence, and handwritten notes.

The fifth subseries is the most general in the series and is called the American Legion Alphabetical. Materials are arranged by subject and have been placed in alphabetical order. They cover everything from post correspondence to legion organizations and veterans issues to political issues that interested the Legion or Harry himself. Political subjects include UNESCO, union labor, federal union, federal world government, education, employment, and universal military training. Also included is some of the most important material in the collection – material concerning the G. I. Bill. Harry Colmery was responsible for writing the original draft of the bill that was signed into law in June 1944. Here researchers will find articles, correspondence, clippings, handwritten copies of Colmery's speeches, handwritten notes on House and Senate drafts of the bill, Colmery's testimony before Congress, and much more. A telegraph from the White House inviting Harry to the bill signing can also be found in this section.

The sixth and seventh subseries focus on the position of American Legion National Commander. The first, titled National Commander, contains material from Harry's unsuccessful run for National Commander in 1935 and his successful election as commander from 1936 – 1937. Most interesting is Harry's correspondence with others and information about his overseas tour. To celebrate his election as National Commander, many prominent Americans were invited to a special dinner. Replies to the invitations, which Harry kept, came from influential people like Henry Ford, Alf Landon, and many elected officials, including governors and legislators. After becoming commander, Harry embarked upon a "foreign pilgrimage," visiting battle sites and war monuments in ceremonies commemorating World War I. Itineraries, telegraphs, and other materials from this tour can be found in this subseries.

The seventh subseries is called Past National Commanders. Harry kept files containing clippings, correspondence, and other materials on many national commanders, including one labeled "Harry Colmery." The first file contains information on National Commander Louis A. Johnson, elected in 1932, and the last on W. C. "Dan" Daniel in 1956.

The eighth subseries contains material from Harry's work on the National Legislative Committee of the American Legion, including correspondence, resolutions and requests for legislation, bulletins and publications, and committee appointments. Much of the information dates from 1932 to 1933.

The Veterans Hospital is the subject of the next subseries. Harry was instrumental in bringing a veterans' hospital to Topeka, Kansas, in the late 1950s. However, his hope of locating a veterans' hospital in Topeka had begun much earlier. This subseries contains correspondence and a proposal from the late 1920s, arguing that Topeka would be the ideal site for a hospital. The proposal consists of valuable information for researchers including data and statistics about Topeka and the surrounding area and pictures of downtown Topeka, prominent landmarks, and proposed sites for the hospital.

The next subseries is titled the Philippine Department of the American Legion. It contains materials on the administration and organization of this foreign department. One folder has information about an investigation of the department.

The eleventh subseries consists of materials arranged alphabetically by subject. Subjects include, American Legion conventions and political and social issues. The folders in this section were grouped together because they did not appear to have originally been arranged with the other sub series. One intriguing subject in this sub series is the Hamilton Fish investigation. During World War II, Harry was a member of a committee looking into the claim that the Legion had "smeared" Hamilton Fish, a member of Congress involved in a scandal about franking privileges.

The twelfth subseries contains correspondence regarding the Legion. The correspondence is arranged into the following folders by date: April 1934 – December 1941, January 1942 – March 1945, and April 1945 – November 1975.

The thirteenth subseries is Books and Publications. One notable book in the collection is the autobiography *I Walked with Heroes*, by Carlos P Romulo. Among other things, Romulo was ambassador to the United States from the Philippines and winner of the Pulitzer Prize in journalism in 1942. He was a good friend of Harry's, and the book contains a personal inscription to Harry. Because Romulo was from the Philippines, more information on him can be found in the Philippines Series. The Books and Publications subseries also contains Annual Convention Proceedings from the Kansas Department of the American Legion from 1919 – 1956. Proceedings from the years 1929, 1930, and 1944 are not included.

The final subseries is Scrapbooks. There are three volumes of scrapbooks on the following subjects: the Bonus Bill – 1935, Universal Military Training, and Legion Clippings, 1930 – 1933.

The American Legion Series contains a wealth of information for researchers interested in the history of the Legion, the G. I. Bill, the early years of the Kansas Department of the American Legion or Capitol Post No. 1, and Harry Colmery's lifelong involvement with the organization and its veterans.

Organization of the Collection

Organized into 8 series corresponding to the subject of the materials.

Contents: Ser. 1. Legal – ser. 2. Insurance – ser. 3. Political – ser. 4. Civic Involvement – ser. 5. Philippines – ser. 6 Personal – ser. 7. Financial – ser. 8. American Legion.

Box 58 (110-7-3-18)

Folder List

1933 - 1935

- 111: Correspondence
- 112: Legislative Matters
- 113: The American Legion Bulletin
- 114: Membership Committee
- 115: Miscellaneous
- 116: Speaking Engagements

1935

- 117: Department Commanders Club

Unlike the others in this subdivision, the next group of folders was divided by subject instead of dates.. It is not absolutely clear why these folders were not incorporated into the ones divided by date, because most fall into the 1929 – 1931 date range, years that previous folders already covered. It may be that these are not part of the last group because most concern Colmery's time as Department Commander for Kansas Dept. of the American Legion. It should also be noted that files divided by dates in 1929 and 1930, do contain info relevant to his service as Dept. Commander.

- 118: Legislative Matters
- 119: American Legion – Vocational Rehabilitation of Disabled Persons
- 120: Child Welfare
- 121: World Peace and Foreign Relations
- 122: Rehabilitation Committee
- 123: Americanization
- 124: Military Affairs Committee – The Topeka Chamber of Commerce
- 125: National Defense Committee
- 126: Safety First Campaign
- 127: Speeches
- 128: Awards, Medals, etc.
- 129: The American Legion Bulletin
- 130: Free Speech
- 131: The American Red Cross
- 132: The Huddle
- 133: Armistice Day
- 134: Veterans Information, Papers, etc.
- 135: Miscellaneous
- 136: Miscellaneous

Again, the next group of folders was divided by subject. In this case, the subject was the Safety Campaign. Division was not by dates like most others under the Kansas Dept. of American Legion subdivision. It is not absolutely clear why these folders were not incorporated into the ones divided by date. The majority of contents are dated 1936.

- 137: Safety Campaign: Miscellaneous
- 138: Safety Campaign: Correspondence
- 139: Safety Campaign: Speeches
- 140: Safety Campaign: Pamphlets

Last group of folders is divided by subject and was created because the material did not fit in any other group.

- 141: State Convention Handwritten Speeches, 1964 - 1965

Capitol Post Number One of the American Legion: Folder Index

Harry W. Colmery, Commander – 1928 – 1929
